

We are delighted to welcome you during the Dutch Balloon Trophy at Landal Orveltermarke!

To make your stay as smooth as possible, we make use of *seamless arrival*. This means that you do not have to check in at the reception, but can drive straight to your accommodation.

Below we explain step by step how this works:

Preparation via the Landal App

- Download the Landal App on the main booker's phone.
- Log in or create an account using the same email address with which the booking was made.
- Link the booking with the reservation number you received in the confirmation email.
- Complete the steps in the app:
 - Fill in all travel details.
 - Enter your expected time of arrival.
 - Make sure full payment has been made.
- After completing all the steps, a digital key will appear in the app.

This key gives access to the accommodation as well as the swimming pool.

Use & share key

- From 4 days before arrival, you can already share the key with your travel companion.
- In the app, go to the key and select "Share key".
- You will now see the names of the specified travel company.
- Select with whom you want to share the key.
- Send each person the personal link via WhatsApp, for example.
- They also download the Landal App, click on the link and fill in their name as specified by the main booker.
- Now they also have access to the accommodation and pool via their own phone.

On the day of arrival

- The digital key becomes active from 4pm at the latest.
- Are you present earlier? Then you can already use the facilities.
- Is the bungalow available earlier? Then you will automatically see this in the app.
- You can also see the bungalow number in the app and navigate directly to the accommodation.

Help & information

- Questions or something not right on arrival? Contact reception on:
 -  orveltermarke@landal.com  0593-564100
- In the app you will also find: Opening hours of facilities, the Wi-Fi code and important telephone numbers and other information

We wish you a fantastic stay and lots of fun during the Dutch Balloon Trophy!
