

I would like to complain about the Pilot 8 application of result to task 12.

my goal in a valid goal-declaration of coordinate and altitude

) I have been penalised for a difference between the

declaration altitude and the goal altitude being less than

500'

Rule 12.3.6 - if a declaration is made in flight

before a defined time boundary a point ...

and the computer fails to do so the declaration

will be invalid. Rule 12.3.6 does not apply

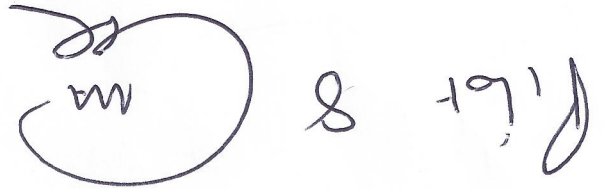

Rule 12.3.7 - Goals not meeting distance or relative

altitude limitations will be scored according to

the rule a distance infringement - this in the

made rule that score

12.3.7 also discuss absolute altitude or distance infringements - this does not apply
